NURSE ENTRANCE TEST PROCEDURES AND INFORMATION

1. Test will be administered on computer.
2. The use of calculators is not permitted.
3. Testing appointments will be scheduled according to the date that the completed registration form and fees are received at the Workforce Development Center. When all seats for a specific testing date have been filled, applicant will be contacted for scheduling on an alternate date.
4. Applicants will receive a confirmation of scheduled date by mail.
5. Applicant must present a picture ID and registration confirmation card to enter the testing room.
6. Applicant will be notified of scores in writing from Nursing/Allied Health Center Admission Office within two weeks of testing.
7. A NET Study Guide is available for purchase at the N/AHC or directly from the publisher at 1-800-292-2273.

Associate Degree Nursing Guidelines (Transition to RN Program)

1. Applicant is required to have written permission from the director of the associate degree nursing (ADN) program to take the NET more than once within a year time frame.
2. On receipt of a written request to retest and validation of completion of recommended remediation, the ADN director will provide applicant with a memorandum granting permission to retest. The memo must be sent, along with a NET registration form and \$40.00, to the NET testing coordinator to schedule the retest.
3. The NET can not be given in segments. Therefore, the applicant who does not achieve the required score in only one area will be required to repeat the entire test.
4. The highest Essential Math Skills or Reading Comprehension score achieved on any testing will be applied toward meeting admission criteria.

Practical Nursing Guidelines

Applicants for Practical Nursing must score at high school level in math and reading. If unsuccessful, Plato remediation to those levels must be completed and documentation provided to the Practical Nursing Admissions Processor at the Nursing/Allied Health Center.
