MISSISSIPPI'S COMMUNITY & JUNIOR COLLEGES

ERIC BALDWIN BRANDON, MS

A single man with no children of my own, I took over the legal guardianship of my sister's three teenagers when she passed away unexpectedly six years ago. I decided to get back into college not only for myself, but to lead by example and finish up that education that I had never gotten around to completing. Now, my ready-made family and I are attending together. Hinds has acted as a lifesaver for myself and my children while affording us all a great education close to home.
