MISSISSIPPI'S COMMUNITY & JUNIOR COLLEGES

ANNA FUMBANKS VICKSBURG, MS

As President of my Phi Theta Kappa chapter at Hinds, I led my team in a project to help the violin program at Beechwood Elementary. We learned that fine arts programs in Mississippi's schools were being cut, so we developed a local fundraiser and raised enough money to donate five violins to the school. Fine arts programs help children in their ability to perform math, reading, and science. Through this project at Hinds I learned so much about grassroots support and how my community values education.
