

2 + 2

Bachelors of Science degree in Business Administration

The 2 + 2 Bachelor of Science of Business Administration (2+2) degree is designed to provide the Community College with a path in which they may continue their education without relocating to a four-year degree granting institution. This degree is specifically designed for those students that have graduated from any community college with an Associate's of Arts degree. This degree will provide the student with an AA degree with the opportunity to graduate in 18 months from the first day of class. The program is formed to increase the speed to graduation by creating a fixed curriculum that will benefit the client. The degree is divided into two areas: General Education Requirements which make up your Associate of Arts degree and the Required Business Courses. The Required General Education Requirements equal 62 credit hours which are the maximum according to IHL that a student may transfer into a four –year degree granting institution of Mississippi. The business courses are specifically selected to create the greatest benefit for our clients.
