

Prior Learning Assessment

CLEP Exams

The College-Level Examination Program (CLEP) provides an opportunity for students to demonstrate competency in certain subjects and thereby earn college credit for particular courses without enrolling in classes. Individuals wishing to become HCC students and receive CLEP credit must apply and pay the non-refundable application fee. CLEP tests are administered throughout the year at the Hinds Community College District Assessment Center.

CLEP credit cannot duplicate regular college course credit already earned, Dual Enrollment credit, or other credits earned through examination. Students are strongly encouraged to meet with an academic advisor to ensure course credits will fulfill degree requirement.

Email completed form to PriorLearning@hindsc.edu.
