Hinds Community College Foundation

The number one priority of the Hinds Community College Foundation is to provide scholarships to outstanding and deserving students. We salute and honor all of our scholarship donors/sponsors and student recipients.

Your tax-deductible gift to the Hinds Community College Foundation will help provide much needed assistance for students and vital programs for faculty and staff as well as the community. All gifts to the Foundation are needed and appreciated, regardless of size. Your gift will be used to meet the immediate needs for which no funds are available or you may designate your gift for a particular scholarship or program. Every dollar given for scholarships, faculty and staff development and other projects is utilized totally for the designated scholarship or project. Please consider how you can support our students through the Foundation.

Education is an investment that keeps paying dividends ... directly and indirectly ... for generations. Give a gift that cannot be taken away – a gift that will last a lifetime – the gift of an education.
